Mr. Yildirim: Based on the discussuin we had earlier. We considered of replicating the GREEN Charter School in other parts of the State of South Carolina. As you know, we have had tremendous academic and non-academic success with the GREEN Charter School in Greenville. 2015-2016 is our third school year in operation; currently, we have 600 students enrolled in grades K-8 and an active waiting list. Our ethnic diversity, unique curriculum, and high student achievement have been our strengths.

We would like to apply for permission to replicate the GREEN Charter School in various locations throughout South Carolina in order to offer families across the state the same academic success that our GREEN Charter families in Greenville enjoy. The GREEN Charter
